

The Dalles Freedom House was started three years ago to help women break free from the bondages of the downward spiral of drug and alcohol addictions and crime.

Again this year we are asking individuals and businesses to sponsor a \$400 table at our annual fundraising banquet. This will enable us to raise \$10,000 before the banquet, a figure we will encourage others at the banquet to match or double. This will go towards our operating funds for the new fiscal year.

What's new at Freedom House in 2008?

- Two ladies have completed and graduated from the Freedom House program this year.
- Three new ladies have joined Freedom House over the last 4 months. One has her toddler son living with her full time here at Freedom House, one has a teen-age son who visits frequently and the third one has 3 young children and she is working on getting custody of them.
- These new ladies will be enrolled in Columbia Gorge Community College in the fall.
- RECEIVED GRANTS from **United Way** – for the provision of child care worker(s) to help in our new children's center and waiting for news from additional potential grantors.
